

SAGAR GROUP OF INSTITUTIONS®

THE SISTec Bulletin- 2026

Edition - VI

www.sistecgn.ac.in

Table of contents

1. Expert Session and Workshop:

- **Build with RAG: AI Workshop & Competition**
- **Semester Break Training on Deep Dive into C**
- **Expert lecture on Dominance of Modern Technology in Warfare**
- **Workshop on Cyber Security and Digital Forensics**
- **Workshop on Intellectual Property Rights (IPR)**

2. SAC Synergy 3.0

3. Yoga for Healthy Ageing

4. “Fundamentals of Automotive Technology & Strategy-Based Diagnosis” for Assistant Commandants of SSB

5. MoU with Grammatical Infra Engineers & Consultancy Pvt. Ltd.

6. Farewell To Batch(2022-26)

Build with RAG: AI Workshop & Competition

The Department of CSE-AI&DS, in collaboration with the IEEE Computational Intelligence Society (CIS) Student Chapter, organised a Two-Day Workshop cum Competition on “Build with RAG: AI Workshop & Competition.” Conducted by Mr. Nirmal Gaud, Founder & CEO, Cognitia Research, the event introduced students to Retrieval-Augmented Generation (RAG) and its real-world applications in modern Artificial Intelligence. Through hands-on sessions and an exciting competition, participants explored AI-driven innovation, developed creative solutions, and enhanced their problem-solving capabilities

Semester Break Training on “Deep Dive into C”

Department of Computer Science & Engineering, in collaboration with CS Allied Branches, successfully conducted the Semester Break Training on “Deep Dive into C” for 2nd Semester students.

Through hands-on sessions, coding exercises, and expert guidance, students strengthened their programming fundamentals and enhanced their problem-solving skills.

Expert lecture on “Dominance of Modern Technology in Warfare”

The Department of Mechanical Engineering, under the Indian Institute of Industrial Engineering (IIIE) Student Chapter, successfully organized an insightful expert lecture on “Dominance of Modern Technology in Warfare.” The session was delivered by Air Vice Marshal Pramod Kumar Shrivastava, who shared valuable insights into the evolving role of advanced technologies in modern warfare, strategic defense systems, and the future of military innovation.

Workshop on “Cyber Security and Digital Forensics”

The Department of Computer Science & Engineering – Cyber Security concluded a three-day hands-on workshop on Cyber Security and Digital Forensics, giving students valuable exposure to the dynamic world of cybersecurity and cyber investigations.

Workshop on “Intellectual Property Rights (IPR)”

Basic Science Department organized an Online Workshop on “Intellectual Property Rights (IPR), Patents and Design Filing” in association with RGNIPM, Government of India, under the National Intellectual Property Awareness Mission (NIPAM).

Yoga for Healthy Ageing

The First Year Cell, along with the Abhivyakti Club and the Tagore Club, under the banner of the ISTE, organized the Yoga for Healthy Ageing session, bringing together students and faculty to celebrate the importance of physical health, mental well-being, and a balanced lifestyle through the practice of yoga.

"Fundamentals of Automotive Technology & Strategy-Based Diagnosis" for Assistant Commandants of SSB

The 5-Day Hands-On Workshop on "Fundamentals of Automotive Technology & Strategy-Based Diagnosis" for Assistant Commandants of SSB, Government of India, was successfully conducted at SISTec.

Led by Dr. Sanjay Chhalotre, Professor, Mechanical Engineering, the workshop provided participants with practical exposure to automotive technologies, diagnostic methodologies, and troubleshooting techniques. A successful initiative towards strengthening technical expertise and professional excellence.

MoU with Grammatical Infra Engineers & Consultancy Pvt. Ltd.

SISTec signed a Memorandum of Understanding (MoU) with Grammatical Infra Engineers & Consultancy Pvt. Ltd., marking a significant step towards fostering industry-academia collaboration and enhancing experiential learning opportunities for students. We connect academic knowledge with industry needs through skill development, expert interactions, internships, industry exposure, and collaborative learning opportunities.

SAC Synergy 3.0

The Third Edition of SAC Synergy brought together the Student Activity Council (SAC) members from both Gandhi Nagar and Ratibad Campuses for an unforgettable day of connection and bonding!

From high-energy team-building activities and fun games to inspiring leadership sessions, our student leaders truly leveled up and unleashed their inner potential.

B.Tech Farewell To Batch(2022-26)

Not every farewell is about endings. Some are celebrations of friendships, memories, and journeys that shaped us into who we are.

As we bid goodbye to the corridors that witnessed our dreams, the classrooms that nurtured our growth, and the friends who became family, we carry with us moments that will last a lifetime.
